Mindluster Platform

About the course Digital Product Platforms for beginners

Course Presenter : Business Software

Digital Product Platforms, in this course we will learn about Digital Product Platforms and how they enable businesses and creators to sell and distribute digital goods online. Youâ€™ll explore top platforms like Shopify, Gumroad, Etsy, Udemy, and Amazon KDP to understand their features, benefits, and best use cases. Learn how to choose the right platform based on your product type, set up a digital storefront, manage transactions, and optimize sales with marketing strategies. Weâ€™ll also cover automation, licensing, and customer engagement techniques. By the end of this course, youâ€™ll have the skills to successfully launch and grow your digital product business.
