Mindluster Platform

About the course Installing wordPress on hosting

Course Presenter : Umar Tazkeer

Installing wordPress on hosting, in this course we will learn about Installing WordPress on Hosting, covering one-click installations, manual setups, and database configurations to get your website running smoothly. You'll discover how to choose the right hosting provider, install WordPress using cPanel, Softaculous, and FTP, and configure essential settings for security, performance, and SEO. Weâ€™ll also troubleshoot common installation errors, set up SSL certificates, create MySQL databases, and optimize WordPress for speed. By the end, you'll confidently install and launch WordPress websites on any hosting platform, ready for blogging, eCommerce, or business use. Umar Tazkeer
