About the course Add keywords for seo optimization

Course Presenter : Umar Tazkeer

Add keywords for seo optimization, in this course we will learn about adding keywords for SEO optimization, covering the best practices for placing keywords in titles, meta descriptions, headings, URLs, and content to improve search rankings. Youâ€™ll discover how to use primary, secondary, and long-tail keywords effectively, avoid keyword stuffing, and optimize for natural readability and user experience. Weâ€™ll explore SEO-friendly keyword density, structured data, and internal linking to boost organic traffic. By the end, youâ€™ll master strategic keyword integration to enhance visibility, increase CTR, and improve overall SEO performance for websites and blogs. Umar Tazkeer
