About the course Latest google search console for beginners

Course Presenter : Umar Tazkeer

Latest google search console, in this course we will learn about the Latest Google Search Console, exploring its newest features and how to use them for SEO optimization, performance tracking, and website troubleshooting. We will cover how to set up and verify a website, submit sitemaps, monitor indexing, and fix errors related to crawling, structured data, and mobile usability. Youâ€™ll learn how to analyze search performance, track keyword rankings, and improve Core Web Vitals for better user experience and search visibility. We will also explore how to leverage Google Search Console for technical SEO, security issues, and manual action recovery. Whether you're a beginner or an experienced SEO professional, this course will provide hands-on guidance to maximize your websiteâ€™s performance, increase organic traffic, and stay updated with Google's latest SEO requirements. Umar Tazkeer
