About the course Resin candle holders for beginners

Course Presenter : Summer Girl Designs

Resin candle holders, in this course teaches you how to create stunning, handcrafted candle holders using epoxy resin. In this course, we will learn about Resin Candle Holders, covering essential techniques for mixing, pouring, and designing unique holders with embedded flowers, gold foil, glitter, and other decorative elements. Explore various styles like transparent, marbled, geode, and glow-in-the-dark resin designs. Learn how to use silicone molds, achieve a smooth finish, and ensure heat resistance for safe use. Whether you're a beginner or an expert, this course helps you craft beautiful, customized resin candle holders for home decor or gifts. Summer Girl Designs
