About the course Galaxy resin tray making for beginners

Course Presenter : Summer Girl Designs

Galaxy resin tray making, in this course we will learn about Galaxy Resin Tray Making Course, where you'll explore the art of creating a cosmic-themed resin tray using epoxy resin, pigments, and shimmering effects. Weâ€™ll cover essential techniques such as color blending, layering, and creating deep-space textures with swirling nebulae and star-like details. Youâ€™ll learn how to mix and pour resin safely, add metallic powders, glitters, and glow-in-the-dark pigments for a stunning galaxy look. Weâ€™ll guide you step by step through achieving depth and a high-gloss finish. Whether you're a beginner or an experienced resin artist, this course will enhance your skills and creativity in resin art. By the end, you'll have a breathtaking galaxy resin tray, perfect for home decor or as a unique gift. Join us and bring the beauty of space into your creations. Summer Girl Designs

Soft Skills Category's Courses
