About the course Geometric art for beginners

Course Presenter : Zak Korvin

Geometric art, in this course we will learn about Geometric Art. We will explore the fundamentals of geometric design, using shapes like circles, triangles, and polygons to create symmetrical and visually striking patterns. Through step-by-step guidance, we will practice drawing intricate designs using rulers, compasses, and freehand techniques. This course will cover sacred geometry, tessellations, and mandala art, helping you understand the mathematical principles behind geometric patterns. Whether you're a beginner or an advanced artist, you will develop precision, creativity, and artistic balance. By the end, youâ€™ll be able to create stunning geometric artworks with confidence. Zak Korvin
