About the course Recover deleted files from windows

Course Presenter : How To Fix Tech

Recover deleted files from windows, in this course we will learn about the different methods to recover deleted files from Windows systems, including Windows 10, 11, 8, and 7. Youâ€™ll discover how to use built-in tools like the Recycle Bin, File History, and Backup and Restore, as well as powerful third-party recovery software. Weâ€™ll guide you step-by-step through recovering files from internal drives, USBs, memory cards, and even after formatting or system crashes. Youâ€™ll also learn how to use the Command Prompt for file recovery and understand which recovery methods suit different situations. Whether you lost photos, documents, or videos, this course provides practical techniques to help you recover your data safely and efficiently. By the end of the course, youâ€™ll be confident in handling file loss on Windows and protecting your important data in the future. Letâ€™s get started. How To Fix Tech
