About the course iOS 14 app Library basics

Course Presenter : HOWTECH

iOS 14 app Library, in this course we will learn about iOS 14 App Library course. This course is designed to help you master the new App Library feature introduced in iOS 14, allowing you to organize your apps more efficiently and keep your Home Screen clean and clutter-free. Youâ€™ll discover how the App Library automatically categorizes your apps, how to search and launch apps quickly, and how to hide or remove Home Screen pages for a more streamlined experience. Weâ€™ll guide you step-by-step through customizing your app layout, using suggestions and recently added sections, and making the most of this smart organizing tool. Whether you're a new iPhone user or upgrading from an older version of iOS, this course will ensure you understand all the features of the App Library. By the end of this course, youâ€™ll feel confident managing your apps in a smarter and more productive way using iOS 14â€™s App Library. HOWTECH

Mobile Development Category's Courses
