About the course Adjust screen brightness in windows

Course Presenter : HOWTECH

Adjust screen brightness in windows, in this course we will learn about how to adjust screen brightness on your Windows device using various methods. Whether you're using a laptop or desktop, weâ€™ll guide you through the built-in settings, Action Center shortcuts, keyboard functions, and power options that control brightness levels. Youâ€™ll discover how to enable automatic brightness, use adaptive brightness for energy saving, and fix common issues when brightness controls donâ€™t work. This course is perfect for users of Windows 10 and Windows 11 who want to improve their screen visibility, reduce eye strain, or extend battery life. Weâ€™ll also cover brightness adjustment using graphics control panels from Intel, AMD, or NVIDIA. By the end of this course, youâ€™ll be able to confidently manage brightness settings and create a comfortable viewing experience for work, entertainment, or nighttime use. No prior tech knowledge neededâ€”just follow along step by step. HOWTECH
