About the course Safari browser

Course Presenter : HOWTECH

Safari browser, in this course we will learn about Safari Browser course. Safari is Appleâ€™s fast and secure web browser, available on Mac, iPhone, and iPad. This course is designed to help you master its features and optimize your browsing experience. We'll begin with the basicsâ€”how to navigate websites, use tabs effectively, and customize the Safari interface. Youâ€™ll learn how to manage bookmarks, create a reading list, and enable private browsing for more privacy. Weâ€™ll explore Safariâ€™s built-in privacy tools like Intelligent Tracking Prevention, pop-up blocking, and how to clear your history, cache, and cookies. Additionally, you'll discover how to install and manage extensions, sync Safari with iCloud, and troubleshoot common issues. Whether youâ€™re a beginner or switching from another browser, this course provides a complete guide to making the most of Safariâ€™s power and simplicity. Get ready to browse smarter and safer with Safari on all your Apple devices. HOWTECH
