About the course Skype account setup

Course Presenter : HOWTECH

Skype account setup, in this course we will learn about Skype account setup course. Whether you're new to Skype or looking to create a fresh account, this step-by-step course will guide you through the entire process. Youâ€™ll start by learning how to download Skype on different devices and create a new account using an email address or phone number. Weâ€™ll walk you through verifying your account, choosing a unique Skype name, and customizing your profile with a photo and personal details. Youâ€™ll also discover how to manage your privacy settings, sync your contacts, and link your Skype account to your Microsoft account for easy access. The course includes tips on enabling two-step verification to keep your account secure, and troubleshooting common issues during sign-up or login. Perfect for beginners, this course ensures that by the end, you'll have a fully functional Skype account ready for messaging, voice calls, and video chats with friends, family, or colleagues.
