About the course Figma keyboard shortcuts

Course Presenter : Mavi Design

Figma keyboard shortcuts, iin this course we will learn how to speed up your design workflow using Figmaâ€™s most effective keyboard shortcuts. Youâ€™ll discover time-saving commands for selecting, aligning, grouping, duplicating, navigating layers, editing shapes, and working with text. The course covers both essential shortcuts for beginners and advanced ones for experienced users looking to streamline their daily tasks. Youâ€™ll also learn how to use shortcuts for managing components, prototyping, and using auto layout efficiently. Each lesson is hands-on, with practical examples to help you memorize and apply the shortcuts quickly. Whether youâ€™re designing interfaces, wireframes, or prototypes, mastering keyboard shortcuts will make your work in Figma faster, smoother, and more productive. By the end of the course, youâ€™ll be able to design confidently without constantly reaching for the mouseâ€”saving you time and effort with every project. Mavi Design
