About the course Create food and drink icon in figma

Course Presenter : Mavi Design

Create food and drink icon in figma, in this course we will learn about creating food and drink icons in Figma. Youâ€™ll discover how to design simple, fun, and recognizable icons such as a coffee cup, burger, drink glass, or utensils using Figmaâ€™s vector tools, shapes, and layers. Weâ€™ll begin by sketching the basic structure of the icons using the Rectangle, Ellipse, and Pen tools, then refine the designs with precise curves, alignment, and Boolean operations. Youâ€™ll also learn how to add colors, shadows, and strokes to make your icons visually appealing and suitable for both light and dark themes. The course also covers how to create reusable icon components and build a mini food and drink icon set that can be used in menus, mobile apps, or websites. Whether you're a beginner or a designer looking to expand your icon design skills, this course will guide you step by step through creating clear, stylish icons in a consistent and scalable way using Figma.
