About the course Siteground email marketing

Course Presenter : SiteGround com

Siteground email marketing, in this course we will learn how to use SiteGroundâ€™s built-in email marketing tools to create and manage powerful campaigns that boost engagement and conversions. Youâ€™ll discover how to set up subscriber lists, build professional emails using drag-and-drop templates, and personalize your messages with the AI content writer. We will also explore how to track performance using real-time analytics, measure open and click-through rates, and improve future campaigns through A/B testing. The course covers creating unlimited signup forms, integrating them with your WordPress site, and ensuring GDPR compliance. Whether you're a beginner or a small business owner, youâ€™ll gain hands-on experience to confidently run and optimize email marketing campaigns directly from your SiteGround hosting accountâ€”without the need for external tools. By the end, you'll be ready to build customer trust, improve retention, and drive more traffic and sales through targeted email strategies. SiteGround com
