About the course Settings in Primavera P6

Course Presenter : SoftEdemy

Settings in Primavera P6, in this course we will learn about Settings in Primavera P6 course. Proper configuration of Primavera P6 settings is crucial for effective project management and smooth software operation. This course covers how to customize user preferences to enhance usability and productivity. You will learn to set up and manage project calendars that define working days, holidays, and shifts, ensuring accurate scheduling. The course also explores defining activity codes and user-defined fields to categorize and filter project data effectively. Security settings are covered to control user access and protect project information. Additionally, you will discover how to configure resource calendars and settings to align with project needs. The course includes instructions on customizing layouts, filters, and notifications to tailor the interface and alerts to your workflow. You will also learn to manage EPS (Enterprise Project Structure) and OBS (Organizational Breakdown Structure) settings to organize projects and teams efficiently. Scheduling parameters and baseline settings are explained to help maintain project control and performance measurement. By mastering these settings, you will optimize Primavera P6 to support your project planning, execution, and monitoring, leading to successful project delivery. SoftEdemy

Course Lesson(30)

Lesson 1 :
Problem Solved Fix SQLite Shared Mode Access Level Scheduling Project Delete Error Primavera P6

Lesson 2 :
Top Most Latest new Features in 2021 version of Primavera P6 20 12 What s New Latest Updates

Lesson 3 :
Explained Resource Assignments in user preferences settings in Primavera P6 Advanced Tutorial

Lesson 4 :
Explained Assignment Staffing in user preferences settings in Primavera P6 Advanced Tutorial

Lesson 5 :
Time Units in user preferences settings in Primavera P6 Units and Duration Format Explained

Lesson 6 :
View Dates in user preferences settings in Primavera P6 Date Format Options and Time Explained

Lesson 7 :
Currency in user preferences settings in Primavera P6 admin Change Base Currency Explained

Lesson 8 :
Assistance in user preferences settings in Primavera P6 Activity and Resource Wizards Explained

Lesson 9 :
Startup filters in user preferences settings in Primavera P6 Current Project No Filter apply

Lesson 10 :
Units per time format in user preferences settings in Primavera P6 Percentage or Hour Explained

Lesson 11 :
Resource Analysis in user preferences settings in Primavera P6 All Projects Closed Explained

Lesson 12 :

Link Budget and At Completion for not Started Activities Calculation settings in Primavera P6

Lesson 13 :
Activity Percent complete based on Activity Steps Activity Calculation settings in Primavera P6

Lesson 14 :
Interval for Time distributed data Resource Analysis settings in Primavera P6 User Preferences

Lesson 15 :
Recalculate actual Units and Costs when duration percent complete changes settings in Primavera P6

Lesson 16 :
Drive activity dates default of resources Settings in Primavera P6 Assignment Defaults Explained

Lesson 17 :
Specify default rate type for new assignment Resources Settings in Primavera P6 Explained

Lesson 18 :
Baseline for earned value calculation project level settings in Primavera P6 Explained primary

Lesson 19 :
Define and indicate critical activities settings in Primavera P6 Total Float less Longest Path

Lesson 20 : **Twice or same resource assignments settings in Primavera P6 Resources Explained**

Lesson 21 :
Link actual to date and this period units and costs settings in Primavera P6 Resources Explained

Lesson 22 :
Summarized data settings in Primavera P6 project summarizing Summarize to WBS level Explained

Lesson 23 :
Update units when cost changes on resource assignments settings in Primavera P6 Explained

Lesson 24 :
When updating actual units and cost settings in Primavera P6 Add actual to remaining or subtract

Lesson 25 :
Technique for computing performance percent complete settings in Primavera P6 Earned Value Admin

Lesson 26 :
Budgeted value with planned and current dates settings in Primavera P6 Earned Value Calculation

Lesson 27 :
Technique for computing Estimate to Complete ETC settings in Primavera P6 Earned Value

Lesson 28 :
How to allow Site access by adding exception site list settings in Primavera P6 Admin preferences

Lesson 29 : **What s New in Primavera P6 2023 Learn the Latest Features in Version 22 12**

Lesson 30 :
Latest Primavera P6 23 12 Version 6 New Features Explained Primavera P6 Upgrades 2024 Version
