About the course Basic tatting technique

Course Presenter : LillianTatLace

Basic tatting technique, in this course Discover the timeless art of lace making with our Basic Tatting Technique Course. This beginner-friendly course introduces you to the essential skills needed to start tatting with confidence. You will learn how to use a shuttle or needle, practice making the double stitch, rings, chains, and picots, and understand how these simple elements combine to form beautiful lace patterns. Each lesson builds gradually, ensuring you develop both accuracy and speed while creating small, elegant motifs. Youâ€™ll also explore how to join elements together to make larger designs such as edgings, bookmarks, and simple doilies. In addition to hands-on practice, the course provides helpful tips on thread selection, tension control, and finishing touches that bring a professional look to your work. By the end, you will not only master the basic techniques but also gain the confidence to continue exploring more advanced tatting projects, turning thread into delicate works of art. LillianTatLace
