About the course Making wavy macrame bracelets

Course Presenter : MACRAME MAGIC KNOTS

Making wavy macrame bracelets, in this course we start with the basics, making it easy for beginners, and gradually move into more advanced patterns for learners who want to expand their macrame skills. You will learn how to select the right cords, threads, and color combinations, as well as practice essential knots such as the square knot, spiral knot, and double half hitch to form flowing wave-like shapes. Step by step, we will explore how to achieve symmetry and rhythm in the bracelet design while experimenting with multi-color threads to highlight the wave effect. The lessons also cover adding beads or charms for decoration and finishing techniques like closures to ensure durability and comfort. By the end of the course, youâ€™ll be able to design and make your own collection of wavy macrame bracelets that reflect creativity, elegance, and personal styleâ€”perfect for daily wear, gifts, or selling as handmade jewelry.
