Mindluster Platform

About the course javascript jQuery

JavaScript is an independent language and can exist on its own. JQuery is a JavaScript library. It would not have been invented had JavaScript was not there. jQuery is still dependent on JavaScript as it has to be converted to JavaScript for the browser in-built JavaScript engine to interpret and run it .

Programming Category's Courses

Course Lesson(9)

Lesson 1 : **Formation IMM Module Javascript jQuery Cours tuto 1 le javascript qu est ce que c est**
