health educator skills, The Health Educator Skills course is designed to prepare students with the essential competencies needed to effectively promote health and prevent disease at both individual and community levels. It introduces core skills such as health communication, program planning, and evaluation, while emphasizing the importance of cultural sensitivity and ethical practice. Students will learn to assess community health needs, develop tailored educational strategies, and utilize modern tools such as digital platforms and social media to enhance outreach. The course also highlights counseling techniques, motivational interviewing, and interactive teaching methods that foster behavior change and patient engagement. In addition, learners will gain insight into collaboration with healthcare professionals, schools, and community organizations to build effective health promotion programs. Practical activities such as case studies, role-playing, and project design allow students to apply theory in real-world scenarios. By the end, participants will be equipped to act as effective health educators, empowering people toward healthier lifestyles. Ø§Ù„Ù…Ø¹Ù‡Ø¯ Ø§Ù„ÙˆÙ†ÙŠ Ø§Ù„Ø¹Ø§Ù„ÙŠ
