About the course Growing garlic

Course Presenter : Epic Gardening

Growing garlic, in this course is a comprehensive course that teaches you how to cultivate flavorful, healthy garlic from planting to harvest. The course begins with understanding garlic varietiesâ€”softneck and hardneckâ€”and how to choose the best type for your climate. Youâ€™ll learn how to prepare nutrient-rich, well-drained soil and plant cloves at the right depth and spacing for optimal bulb development. Lessons cover watering, fertilizing, and mulching techniques to maintain moisture and prevent weeds. The course also explains how to identify and manage pests and diseases naturally, ensuring a strong, chemical-free crop. Youâ€™ll discover the best time to harvest, how to cure bulbs for long storage, and tips for replanting cloves for the next season. Perfect for home gardeners and beginners, this course provides practical steps to grow aromatic, high-quality garlic that adds fresh flavor and health benefits to your kitchen. Epic Gardening
