About the course Growing peas

Course Presenter : The Ripe Tomato Farms

Growing peas, in this course teaches learners the full process of cultivating healthy pea plants from seed to harvest. It explains how to choose the right variety for your climate, prepare soil with proper nutrients, and sow seeds at the correct depth and spacing. The course also covers optimal watering, sunlight, and temperature conditions, emphasizing natural methods to prevent pests and diseases. Youâ€™ll learn techniques for staking and supporting vines, maintaining healthy growth, and recognizing common plant issues early. Practical lessons include harvesting at peak ripeness and preserving peas for longer freshness. This course suits beginners and gardeners seeking to improve yield and quality using eco-friendly, efficient methods that ensure rich, green pods full of flavor. The Ripe Tomato Farms
