About the course Growing an onion from an onion

Course Presenter : The Ripe Tomato Farms

Growing an onion from an onion, in this course teaches learners how to regrow fresh onions easily using parts of existing ones. Youâ€™ll discover how to select the right onion base, prepare it properly, and encourage root growth in water or soil. The course explains ideal soil composition, moisture levels, and sunlight requirements for healthy development. Step-by-step demonstrations show how to transplant sprouted onions, care for new shoots, and prevent common problems like rot or pest damage. Youâ€™ll also learn how to trim and water your plants correctly to promote bulb expansion and leaf growth. Tips on fertilization, temperature control, and harvesting ensure you achieve a continuous supply of onions year-round. This course is perfect for beginners or home gardeners seeking sustainable methods to regrow vegetables from kitchen scraps while saving money and reducing waste. The Ripe Tomato Farms
