About the course Growing rosemary

Course Presenter : The Ripe Tomato Farms

Growing rosemary, in this course teaches learners how to cultivate this aromatic and hardy herb successfully from seed or cuttings. Youâ€™ll learn the ideal soil type, sunlight exposure, and watering schedule that rosemary needs to thrive. The course explains how to start plants indoors or outdoors, prune them correctly to encourage bushy growth, and prevent common problems like overwatering and root rot. Youâ€™ll also discover how to propagate rosemary using stem cuttings, transplant seedlings, and maintain proper spacing for healthy air circulation. Special lessons cover pest control, temperature tolerance, and how to protect rosemary during colder months. The course includes practical tips for harvesting and drying leaves while preserving their strong fragrance and flavor. By the end, youâ€™ll be able to grow lush, long-lasting rosemary plants for culinary, medicinal, or decorative purposes â€” whether in your garden, balcony, or windowsill. The Ripe Tomato Farms

Agriculture Category's Courses
