# About the course Google Slides

### Course Presenter : Simon Sez IT

Google Slides, in this course teaches you how to create professional, engaging presentations using Googleâ€™s free cloud-based platform. Youâ€™ll learn how to design slides with text, images, shapes, and animations, and explore the best ways to structure content for visual impact. The course covers slide themes, transitions, and templates to ensure consistency in style and branding. Youâ€™ll also discover how to collaborate in real time, share presentations with others, and present seamlessly from any device. Advanced lessons include embedding videos, integrating charts from Google Sheets, and using speaker notes effectively. By the end, youâ€™ll be able to design creative and impactful presentations that communicate ideas clearly and professionally. Simon Sez IT
