About the course Quickbooks desktop

Course Presenter : Simon Sez IT

Quickbooks desktop, in this course provides practical training on managing business finances using one of the most trusted accounting software programs. Youâ€™ll learn how to set up company files, create accounts, and record daily transactions such as sales, purchases, and expenses. The course also covers bank reconciliation, managing payroll, generating invoices, and producing financial reports like balance sheets and income statements. Youâ€™ll explore how to track inventory, manage customers and vendors, and customize reports for better insights. By the end, youâ€™ll be confident in using QuickBooks Desktop to maintain accurate financial records and streamline business accounting operations effectively. Simon Sez IT
