Mindluster Platform

About the course Joomla Reviews

Overall: I used Joomla to build my website. It was relatively easy to get started with. Joomla works with extensions and templates which allows them to be easily customisable. Joomla saved me the cost of having to outsource my website design to a website developer.

Programming Category's Courses

Course Lesson(9)

Lesson 1 : **Advanced Module Manager with Peter Van Western**

Lesson 2 : **The Joomla 3 Search Component and Module**

Lesson 3 : **What is Joomla**
