About the course Macrame ABC

Course Presenter : Macrame School

Macrame ABC course, The Macrame ABC course is designed for beginners to introduce them to the basics of macrame crafting. The course covers essential knots such as the square knot, larkâ€™s head knot, and half-hitch knot, which form the foundation for creating various macrame designs. You will learn about different materials like cotton, jute, and nylon cords, understanding how to select the right one based on texture and durability. The course also guides you on combining these knots to create simple patterns and designs, such as wall hangings, plant hangers, and jewelry. By the end of the course, youâ€™ll have a strong understanding of macrame basics and be able to create your own simple macrame pieces. Whether you're new to the craft or looking to refine your skills, the Macrame ABC course provides the perfect starting point for your macrame journey. Macrame School
