About the course Origami Paper animal

Course Presenter : HOHO Happy Origami

Origami Paper animal course, introduces learners to the creative art of making animal figures using simple origami paper-folding techniques. This course guides students step by step through the fundamentals of origami, starting with basic folds and gradually progressing to complete animal models such as cats, dogs, birds, and other fun designs. Learners will discover how to choose the right paper, create clean and precise folds, and shape key features like ears, tails, wings, and faces to bring each animal to life. The course also encourages creativity by exploring different styles, sizes, and color combinations. Designed for beginners, kids, teachers, and craft lovers of all ages, no prior origami experience is required. By the end of the course, participants will be able to confidently create a variety of origami paper animals for decorations, educational activities, handmade gifts, or fun creative projects.
