# About the course making 3D origami halloween Paper

### Course Presenter : HOHO Happy Origami

making 3D origami halloween Paper course, in this course introduces learners to creating eye-catching three-dimensional Halloween decorations using advanced yet accessible origami techniques. This course guides students step by step through the basics of 3D origami, starting with simple modular folds and gradually building detailed Halloween-themed models such as pumpkins, bats, ghosts, monsters, and decorative figures. Learners will discover how to choose the right paper, assemble multiple folded units, and create strong, stable 3D structures. The course also explores creative ideas for colors, textures, and finishing touches to enhance the spooky Halloween look. Designed for beginners with basic origami knowledge as well as craft lovers looking to try 3D designs, no advanced experience is required. By the end of the course, participants will be able to confidently create impressive 3D origami Halloween paper models suitable for decorations, parties, classrooms, and festive displays.
