About the course Appium basics for beginners

Course Presenter : SDET QA

Discover the fundamentals of mobile automation testing with our "Appium Basics for Beginners" online course. Designed specifically for those interested in advancing their skills in Computer Science and automation testing, this training course offers a comprehensive introduction to Appium, a leading open-source tool for automating mobile applications across different platforms. Enroll now to enhance your professional skills, gain certification, and accelerate your career growth in the dynamic field of software testing. In this course, you will learn: - The core concepts and architecture of Appium - How to set up and configure Appium for various mobile platforms - Writing and executing automated test scripts for Android and iOS - Best practices for mobile test automation - Troubleshooting common issues in mobile testing - Integrating Appium with popular testing frameworks and tools This course is ideal for aspiring software testers, QA engineers, mobile developers, and IT professionals seeking to expand their expertise in automation testing. Whether you are new to mobile testing or looking to formalize your skills, this training provides a strong foundation for career growth in the competitive field of Computer Science. Why choose this course on our platform? We offer a professional, trustworthy learning environment with expert instructors and practical training modules. Our certification upon completion adds credibility to your profile, making you stand out to employers in the Middle East, Saudi Arabia, UAE, and beyond. This certified course is tailored to meet industry standards and help you achieve your career aspirations in software quality assurance and automation. Upon completing this course, you will receive a recognized Certificate that demonstrates your proficiency in Appium and mobile test automation. Take the next step in your professional journey by mastering essential skills that can open doors to new job opportunities and career advancement in the growing field of software testing and development. Computer Science Category's Courses

Course Lesson(27)

Lesson 1 :
Appium Tutorial 1 Appium for Mobile App Testing Introduction to Mobile Testing and Appium

Lesson 2 : **Appium Tutorial 2 Appium for Mobile App Testing Environment Setup**

Lesson 3 : **Appium Tutorial 3 What is APK File What is Simulator Emulator and Real device**

Lesson 4 :
Appium Tutorial 4 Creating Virtual Device using Android studio AVD Manager SDK Manager adb

Lesson 5 :
Appium Tutorial 5 How to Install APK file on Virtual Device Emulator using Appium server Desktop

Lesson 6 : **Appium Tutorial 6 How to Install APK file on Real Device using Appium server Desktop**

Lesson 7 : **Appium Tutorial 7 How to Install APK file Mobile App on Real Device using adb exe**

Lesson 8 : **Appium Tutorial 8 Identify Elements using Appium inspector SDK uiautomator**

Lesson 9 : **Appium Tutorial 9 Eclipse Configuration Appium**

Lesson 10 : **Appium Tutorial 10 How to Install APK file on Mobile Devices using Script**

Lesson 11 : **Appium Tutorial 11 How to Automate Android Calculator**

Lesson 12 : **Appium Tutorial 12 How to Automate Dial A Number in Android Mobile**

Lesson 13 : **Appium Tutorial 13 How to Automate Send SMS in Android Mobile**

Lesson 14 : **Appium Tutorial 14 How to Handle Switches in Android App**

Lesson 15 : **Appium Tutorial 15 How to Handle Drop Downs in Android App**

Lesson 16 : **Appium Tutorial 16 How to Handle Progress Bar Horizontal Scrolling in Android App**

Lesson 17 : **Appium Tutorial 17 Vertical Scrolling in Android App**

Lesson 18 : **Appium Tutorial 18 Handling Text Box Check Box and Radio Buttons in Android App**

Lesson 19 : **Appium Tutorial 19 How to Setup Appium on Mac for IOS App Testing**

Lesson 20 : **Appium Tutorial 20 How to Setup XCode IOS Simulator UICatalog App**

Lesson 21 : **Appium Tutorial 21 Build UICatalog iOS App using Xcode Install App on Simulator**

Lesson 22 : **Appium Tutorial 22 How Install IOS App on Simulator using Script Desired Capabilities**

Lesson 23 : **Appium Tutorial 23 Locating Elements on iOS App**

Lesson 24 : **Appium Tutorial 24 Handling Alerts Popups in iOS App**

Lesson 25 : **Appium Tutorial 25 Handling ActionSheets in iOS App**

Lesson 26 : **Appium Tutorial 26 Handling Wheelers PickerView in iOS App**

Lesson 27 : **Appium Tutorial 27 Handling Date Picker in iOS App**
