About the course TestNG testing framework for selenium

Course Presenter : G C Reddy Software Testing

Enhance your software testing skills with our comprehensive online course on the TestNG testing framework for Selenium. Designed for aspiring automation testers and QA professionals in the Middle East and beyond, this training course offers a deep dive into the powerful TestNG tool, enabling you to develop robust, scalable, and efficient test automation solutions. By mastering TestNG, you will improve your professional skills and increase your value in the competitive field of computer science and software development. In this course, you will learn how to effectively implement TestNG in Selenium automation projects. Key learning outcomes include understanding TestNG architecture, creating and managing test cases, implementing test suites, handling data-driven testing, and integrating TestNG with continuous integration tools. Practical exercises and real-world scenarios will help you apply your knowledge immediately, ensuring you are well-prepared for real-world testing challenges. This course is ideal for software developers, QA engineers, test automation specialists, and computer science students aiming to elevate their testing expertise and build a strong foundation in automation testing frameworks. Whether you are looking to advance your career in software quality assurance or seeking certification to validate your skills, this training course is tailored to meet your professional growth needs. Why choose this course on our platform? We provide expert-led instruction, flexible online learning options, and a certified course that enhances your resume. Our focus is on delivering practical, industry-relevant skills that employers in the Middle East and globally recognize and value. Completing this training will position you as a capable automation tester, opening doors to higher-paying roles and advanced career opportunities in the tech sector. Upon finishing the course, you will receive an official certificate of completion, demonstrating your proficiency in TestNG and Selenium automation testing. This certification serves as a valuable credential to showcase your technical skills and commitment to continuous professional development. Enroll now to take a significant step forward in your career in computer science and software testing. G C Reddy Software Testing

Computer Science Category's Courses

Course Lesson(40)

Lesson 1 : **1 Introduction to Selenium**

Lesson 2 : **2 Software Test Process**

Lesson 3 : **3 Selenium Testing Process**

Lesson 4 : **4 Overview of Java Java for Selenium**

Lesson 5 : **5 Java Environment Setup**

Lesson 6 : **6 Java Program Structure**

Lesson 7 : **7 Comments Modifiers and Data Types in Java**

Lesson 8 : **8 Java Variables and Operators**

Lesson 9 : **9 Java Control Flow Statements**

Lesson 10 : **10 Java Control Flow Statements Part 2**

Lesson 11 : **11 Strings and Arrays in Java**

Lesson 12 : **12 Java IO**

Lesson 13 : **13 Exception handling in Java**

Lesson 14 : **14 Java User Defined Methods**

Lesson 15 : **15 Java Predefined Methods**

Lesson 16 : **16 Java Predefined Methods Part 2**

Lesson 17 : **17 Java Object Oriented Programming**

Lesson 18 : **18 Java Object Oriented Programming Part 2**

Lesson 19 : **19 Introduction to Selenium WebDriver**

Lesson 20 : **20 Selenium WebDriver Test Environment Setup**

Lesson 21 : **21 Web Elements in Selenium**

Lesson 22 : **22 Element Locators in Selenium**

Lesson 23 : **23 Selenium WebDriver Commands**

Lesson 24 : **24 Element Handling in Selenium**

Lesson 25 : **25 Element Handling in Selenium Part 2**

Lesson 26 : **26 Element Handling in Selenium Part 3**

Lesson 27 : **27 Writing Selenium Test Cases**

Lesson 28 : **28 Writing Selenium Test Cases Part 2**

Lesson 29 : **29 Writing Selenium Test Cases Part 3**

Lesson 30 : **30 Writing Selenium Test Cases Part 4**

Lesson 31 : **31 Page Object Model in Selenium**

Lesson 32 : **32 TestNG Testing Framework for Selenium**

Lesson 33 : **33 TestNG Testing Framework for Selenium Part 2**

Lesson 34 : **34 TestNG Testing Framework for Selenium Part 3**

Lesson 35 : **35 TestNG Testing Framework for Selenium Part 4**

Lesson 36 : **36 Selenium Project**

Lesson 37 : **37 Selenium Project Maven Integration with Selenium**

Lesson 38 : **38 Selenium Project**

Lesson 39 :
Selenium Online Training by G C Reddy Java Programming TestNG Automation Framework Project

Lesson 40 :
Usage of Selenium Tool for Software Testing Where we use Selenium Tool in Software Testing
