About the course Renewable energy fundamentals

Course Presenter : IIT Roorkee July 2018

Unlock the essential principles of renewable energy with our comprehensive online course designed for engineering professionals and enthusiasts in the Middle East, Saudi Arabia, UAE, and beyond. This training course offers a detailed exploration of renewable energy sources, technologies, and their vital role in sustainable development. Through expert-led instruction, you will gain the knowledge and skills necessary to advance your career, contribute to green initiatives, and stay ahead in the evolving field of engineering. What you will learn in this course includes: - Fundamentals of renewable energy sources such as solar, wind, hydro, and biomass - Key engineering principles behind renewable energy systems - Design, implementation, and maintenance of renewable energy projects - Environmental and economic impacts of renewable energy solutions - Latest trends and technological innovations in the renewable energy sector - Strategies for integrating renewable energy into existing infrastructure This course is ideal for engineering professionals, recent graduates, and industry stakeholders looking to expand their expertise in renewable energy. Whether you are involved in project management, system design, or policy development, this training course provides the foundational knowledge necessary for professional growth and specialization in sustainable engineering. Why choose this course on our platform? We offer a flexible, high-quality learning experience with expert instructors from the renewable energy industry. Our certified course ensures you gain recognized credentials that enhance your professional profile, making you more competitive in the job market. Benefit from practical insights, real-world case studies, and interactive assessments designed to boost your understanding and application of renewable energy principles. Upon completion, you will receive a professional certificate of achievement, validating your expertise in renewable energy fundamentals. This certification can open doors to new career opportunities, including roles in renewable project development, consulting, engineering design, and environmental policy. Invest in your future today with this trusted online training course. Develop the skills, knowledge, and credentials needed to thrive in the growing renewable energy sector and contribute to sustainable development efforts across the Middle East and beyond. IIT Roorkee July 2018

Engineering Category's Courses

Course Lesson(36)

Lesson 1 : **Lecture 35 Ocean Energy Part 3**

Lesson 2 : **Lecture 34 Ocean Energy Part 2**

Lesson 3 : **Lecture 33 Ocean Energy Part 1**

Lesson 4 : **Lecture 32 Hydro Part 6**

Lesson 5 : **Lecture 31 Hydro Part 5**

Lesson 6 : **Lecture 30 Hydro Part 4**

Lesson 7 : **Lecture 29 Hydro Part 3**

Lesson 8 : **Lecture 28 Hydro Part 2**

Lesson 9 : **Lecture 27 Hydro Part 1**

Lesson 10 : **Lecture 26 Wind Part 6**

Lesson 11 : **Lecture 25 Wind Part 5**

Lesson 12 : **Lecture 24 Wind Part 4**

Lesson 13 : **Lecture 23 Wind Part 3**

Lesson 14 : **Lecture 22 Wind Part 2**

Lesson 15 : **Lecture 21 Wind Part 1**

Lesson 16 : **Lecture 20 Biomass Part 8**

Lesson 17 : **Lecture 19 Biomass Part 7**

Lesson 18 : **Lecture 18 Biomass Part 6**

Lesson 19 : **Lecture 17 Biomass Part 5**

Lesson 20 : **Lecture 16 Biomass Part 4**

Lesson 21 : **Lecture 15 Biomass Part 3**

Lesson 22 : **Lecture 14 Biomass Part 2**

Lesson 23 : **Lecture 13 Biomass Part 1**

Lesson 24 : **Lecture 12 Solar Energy Part 9**

Lesson 25 : **Lecture 11 Solar Energy Part 8**

Lesson 26 : **Lecture 10 Solar Energy Part 7**

Lesson 27 : **Lecture 09 Solar Energy Part 6**

Lesson 28 : **Lecture 08 Solar Energy Part 5**

Lesson 29 : **Lecture 07 Solar Energy Part 4**

Lesson 30 : **Lecture 06 Solar Energy Part 3**

Lesson 31 : **Lecture 05 Solar Energy Part 2**

Lesson 32 : **Lecture 04 Solar Energy Part 1**

Lesson 33 : **Lecture 03 Introduction Part 3**

Lesson 34 : **Lecture 02 Introduction Part 2**

Lesson 35 : **Lecture 01 Introduction Part 1**

Lesson 36 : **Renewable Energy Sources Fundamentals and Technologies**
