About the course Environmental planning and management

Course Presenter : IIT Roorkee July 2018

Unlock the essentials of environmental planning and management through this comprehensive online course designed for aspiring professionals in the Middle East and beyond. This training course offers an in-depth understanding of sustainable development practices, environmental policies, and management strategies. Gain the knowledge and skills needed to make impactful decisions that promote environmental conservation and responsible resource utilization. Whether you are seeking career growth or aiming to enhance your professional skills, this certified course provides the foundation you need to excel in the field of environmental science and management. What you will learn: - Principles of environmental science and sustainable development - Key strategies for effective environmental planning and management - How to develop and implement environmental policies - Techniques for conducting environmental impact assessments - Best practices in resource management and conservation - The role of science in shaping environmental regulations - Data collection and analysis for environmental decision-making - Tools and methodologies for managing environmental projects This course is ideal for environmental professionals, urban planners, policy makers, and students passionate about making a difference in environmental science. It is also suitable for individuals aiming to integrate sustainable practices into their current roles or pursue careers in environmental consultancy, urban planning, or governmental agencies. Choose this course on our platform for its flexible online format, expert-led training, and industry-recognized certification. Our platform ensures a seamless learning experience with comprehensive resources, interactive modules, and dedicated support to help you succeed. Upon completion, you will earn a professional certificate demonstrating your expertise in environmental planning and management. This certification can significantly boost your career prospects, opening doors to new opportunities in environmental consultancy, government agencies, non-profit organizations, and private sector companies committed to sustainability. Advance your career and contribute to a sustainable future by enrolling in this certified environmental science and management training course today. IIT Roorkee July 2018

Science Category's Courses

Course Lesson(41)

Lesson 1 : **Lecture 40 Environment Compatible Growth**

Lesson 2 : **Lecture 39 Environmental Social Governance Part 3**

Lesson 3 : **Lecture 38 Environmental Social Governance Part 2**

Lesson 4 : **Lecture 37 Environmental Social Governance Part 1â€‹**

Lesson 5 : **Lecture 36 Analytic Hierarchy Process Part 4**

Lesson 6 : **Lecture 35 Analytic Hierarchy Process Part 3**

Lesson 7 : **Lecture 34 Analytic Hierarchy Process Part 2**

Lesson 8 : **Lecture 33 Analytic Hierarchy Process Part 1**

Lesson 9 : **Lecture 32 Strategic Environmental Assessment Part 2â€‹**

Lesson 10 : **Lecture 31 Strategic Environmental Assessment Part 1â€‹**

Lesson 11 : **Lecture 28 Life Cycle Assessment Part 2â€‹**

Lesson 12 : **Lecture 30 Life Cycle Assessment Part 4**

Lesson 13 : **Lecture 29 Life Cycle Assessment Part 3â€‹**

Lesson 14 : **Lecture 27 Life Cycle Assessment Part 1**

Lesson 15 : **Lecture 26 Circular Economy**

Lesson 16 : **Lecture 25 Sustainable Development Part 2**

Lesson 17 : **Lecture 24 Sustainable Development Part 1â€‹**

Lesson 18 : **Lecture 23 Environmental Impact Assessment Part 7**

Lesson 19 : **Lecture 16 Environmental Clearance Part 2**

Lesson 20 : **Lecture 15 Environmental Clearance Part 1â€‹**

Lesson 21 : **Lecture 22 Environmental Impact Assessment Part 6**

Lesson 22 : **Lecture 21 Environmental Impact Assessment Part 5**

Lesson 23 : **Lecture 20 Environmental Impact Assessment Part 4**

Lesson 24 : **Lecture 19 Environmental Impact Assessment Part 3**

Lesson 25 : **Lecture 18 Environmental Impact Assessment Part 2**

Lesson 26 : **Lecture 17 Environmental Impact Assessment Part 1**

Lesson 27 : **Lecture 14 Environmental Acts and Laws Part 2**

Lesson 28 : **Lecture 13 Environmental Acts and Laws Part 1**

Lesson 29 : **Lecture 12 Environmental Management Part 6**

Lesson 30 : **Lecture 11 Environmental Management Part 5**

Lesson 31 : **Lecture 10 Environmental Management Part 4â€‹**

Lesson 32 : **Lecture 9 Environmental Management Part 3**

Lesson 33 : **Lecture 8 Environmental Management Part 2**

Lesson 34 : **Lecture 7 Environmental Management Part 1**

Lesson 35 : **Lecture 6 Planning Part 4**

Lesson 36 : **Lecture 1 Introduction**

Lesson 37 : **Lecture 5 Planning Part 3**

Lesson 38 : **Lecture 4 Planning Part 2**

Lesson 39 : **Lecture 3 Planning Part 1**

Lesson 40 : **Lecture 2 Introduction**

Lesson 41 : **Environmental Planning and Management**
