About the course Google Adsense

How does Google AdSense work? Google AdSense provides a way for publishers to earn money from their online content. AdSense works by matching ads to your site based on your content and visitors. The ads are created and paid for by advertisers who want to promote their products.Do I need a website for AdSense? You need to be at least 18 years old. You need to have an active Gmail account that isn't linked to an AdSense account. You need to have a website, and that website needs to meet all of Google's terms of service.When should I apply for AdSense? Apply for adsense after your website receives at least 100 unique visitors per day. Rules have become more strict and it may be difficult to get accepted if you don't have a decent amount of traffic. You need to have a Google account (such as gmail) to use with Adsense.How do I withdraw money from AdSense? What are the ways to withdraw money from AdSense? Sign into your Google AdSense account and head to the Payments section. Select 'Add payment method' Choose 'Transfer to bank account' Enter your bank account information, making sure to enter details exactly as they appear on your bank statement.How does AdSense send you money? Your revenue will be paid out once a month through a wire transfer to your bank account. To receive your payments, you'll need to provide your bank account information in your AdSense account. The information varies per country and can be found on the Intro to AdSense payments page.
