# About the course Install NodeJS on Windows

Node. js is a speedy and scalable server-side runtime environment, while Java is a complex, web-based, highly concurrent language. To minimize errors and rework in the development pipelines, it is a good idea for both developers and managers to know how to utilize programming languages according to their pros and cons .

**Programming Category's Courses**

## Course Lesson(4)

Lesson 1 : **Node js Part 1 Install NodeJS on Windows**
