Mindluster Platform

About the course Flutter Android iOS App

How to transfer your existing app into Flutter? To begin with, you need to integrate Flutter as a library or module. That module is responsible to reflect the application's UI. You can create a module using Flutter create-t module command .

Mobile Development Category's Courses

Course Lesson(7)

Lesson 1 :
Image to Text Converter App || OCR || Image Labeling Flutter iOS Android Machine Learning Course

Lesson 2 :
OCR Image to Text App Flutter iOS Android Mobile Machine Learning Deep Learning Project Course

Lesson 3 :
Flutter Firebase ML Kit | Google ML Vision Setup Image to Text Converter App for Android iOS

Lesson 4 :
Flutter Image Labeling App Full Android iOS Ai Mobile Machine Learning Deep Learning Course 2021

Lesson 5 :
Flutter Image Text Recognition App Android iOS Ai Mobile Machine Learning Deep Learning Course

Lesson 6 :
Finishing App Testing App Flutter Image Text Recognition Ai Mobile Machine Learning Course 2021

Lesson 7 :
Flutter 2 8 Drawing to Real Life Generator AI Android iOS Machine Learning Final Year Projects
