Mindluster Platform

About the course jQuery from zero

jQuery has seen a significant decline in popularity over the past few years. With the rise of frontend JavaScript frameworks like Angular, Vue and React, jQuery's quirky syntax and often-overwrought implementation has taken a backseat to this new wave of web technology. That said, jQuery still has its uses .

Programming Category's Courses

Course Lesson(17)

Lesson 1 : **Tab Style Login And Register Form Design Using HTML5 CSS3 And jQuery**

Lesson 2 :
