Mindluster Platform

About the course Python Programming Full

Python is commonly used for developing websites and software, task automation, data analysis, and data visualization. Since it's relatively easy to learn, Python has been adopted by many non-programmers .

Programming Category's Courses

Course Lesson(180)

Lesson 1 : **age calculator in python**

Lesson 2 : **highest common factor in python**

Lesson 3 : **sort strings by length in python**

Lesson 4 : **print times table in python**

Lesson 5 : **print divisible by 7 and not multiple of 5 in python**

Lesson 6 : **validate isbn code in python**

Lesson 7 : **string common prefix with in python**

Lesson 8 : **highest distance between numbers in python**

Lesson 9 : **string get numbers in python**

Lesson 10 : **2D list to 1D list in python**

Lesson 11 : **max number in 3 in python**

Lesson 12 : **count word in python**

Lesson 13 : **string to upper and lower case in python**

Lesson 14 : **list count even numbers in python**

Lesson 15 : **second smallest integer from list in python**

Lesson 16 : **remove vowels in python**

Lesson 17 : **string insert in python**

Lesson 18 : **compare lists in python**

Lesson 19 : **matrix compare in python**

Lesson 20 : **harmonic series in python**

Lesson 21 : **min number of 2 in python**

Lesson 22 : **bytes to hexadecimal in python**

Lesson 23 : **string remove word in python**

Lesson 24 : **palindrome number in python**

Lesson 25 : **factorial iterative and recursive in python sample 1**

Lesson 26 : **fibonacci iterative and recursive in python sample 2**

Lesson 27 : **triangle patterns in python**

Lesson 28 : **palindrome string in python**

Lesson 29 : **string reverse in python**

Lesson 30 : **string titleize in python**

Lesson 31 : **string remove extra whitespaces in python**

Lesson 32 : **string find numbers in python**

Lesson 33 : **string remove char in python**

Lesson 34 : **count occurrencies of a char in python**

Lesson 35 : **reverse string sequence in python**

Lesson 36 : **print integer binary in python**

Lesson 37 : **convert byte to binary string in python**

Lesson 38 : **integer to byte list in python**

Lesson 39 : **reverse int array in python**

Lesson 40 : **hexadecimal string to byte array in python**

Lesson 41 : **triangle of pascal in python**

Lesson 42 : **max number in 2 in python**

Lesson 43 : **list max number in python**

Lesson 44 : **generic list max number in python**

Lesson 45 : **min of 3 numbers in python**

Lesson 46 : **list min number in python**

Lesson 47 : **generic list min number in python**

Lesson 48 : **sort integer list in python**

Lesson 49 : **sort string list in python**

Lesson 50 : **leap year in python**

Lesson 51 : **armstrong number in python**

Lesson 52 : **fahrenheits to celsius in python**

Lesson 53 : **celsius to fahrenheits in python**

Lesson 54 : **lowest common multiple in python**

Lesson 55 : **is happy number in python**

Lesson 56 : **miles to kilometers in python**

Lesson 57 : **kilometers to miles in python**

Lesson 58 : **matrix addition in python**

Lesson 59 : **matrix subtraction in python**

Lesson 60 : **matrix multiplication in python**

Lesson 61 : **matrix transpose in python**

Lesson 62 : **matrix identity in python**

Lesson 63 : **string substrings in python**

Lesson 64 : **is prime number in python**

Lesson 65 : **twin primes in python**

Lesson 66 : **floyds triangle in python**

Lesson 67 : **towers of hanoi in python**

Lesson 68 : **substrings are subset of string in python**

Lesson 69 : **string starts with in python**

Lesson 70 : **string ends with in python**

Lesson 71 : **string last index of in python**

Lesson 72 : **string last index of any in python**

Lesson 73 : **string index of any char in python**

Lesson 74 : **string trim in python**

Lesson 75 : **string trim start in python**

Lesson 76 : **string trim end in python**

Lesson 77 : **string pad left in python**

Lesson 78 : **string pad right in python**

Lesson 79 : **string count numbers in python**

Lesson 80 : **string sum numbers in python**

Lesson 81 : **integer list remove duplicates in python**

Lesson 82 : **string list remove duplicates in python**

Lesson 83 : **smallest distance between numbers in python**

Lesson 84 : **print string diagonally in python**

Lesson 85 : **is integer list ordered in python**

Lesson 86 : **count words occurrences in python**

Lesson 87 : **print number box in python**

Lesson 88 : **print 100 fibonacci numbers in python**

Lesson 89 : **print 100 primes in python**

Lesson 90 : **print digits of number in python**

Lesson 91 : **days age calculator in python**

Lesson 92 : **is string list ordered in python**

Lesson 93 : **smallest distance between numbers in python**

Lesson 94 : **highest distance between 3 numbers in python**

Lesson 95 : **list second highest int in python**

Lesson 96 : **is perfect square number in python**

Lesson 97 : **is fibonacci number in python**

Lesson 98 : **list sum even numbers in python**

Lesson 99 : **count odd numbers from a list in python**

Lesson 100 : **print odd fibonacci numbers in python**

Lesson 101 : **print diamond in python**

Lesson 102 : **list 100 perfect square numbers in python**

Lesson 103 : **perfect square numbers in a range in python**

Lesson 104 : **caesar cipher in python**

Lesson 105 : **affine cipher in python**

Lesson 106 : **atbash cipher in python**

Lesson 107 : **rot 13 cipher in python**

Lesson 108 : **fizz buzz in python**

Lesson 109 : **triangle patterns v2 in python**

Lesson 110 : **triangle patterns v3 in python**

Lesson 111 : **print sum table in python**

Lesson 112 : **print subtraction table in python**

Lesson 113 : **print division table in python**

Lesson 114 : **triangle geometry in python**

Lesson 115 : **swap numbers in python**

Lesson 116 : **smallest factor of a number in python**

Lesson 117 : **print month calendar in python**

Lesson 118 : **concat lists in python**

Lesson 119 : **string md5 hash in python**

Lesson 120 : **roman numbers in python**

Lesson 121 : **string common suffix with in python**

Lesson 122 : **string reverse words in python**

Lesson 123 : **print morse code in python**

Lesson 124 : **concat sorted lists into sorted list in python**

Lesson 125 : **concat unsorted lists into sorted list in python**

Lesson 126 : **rail fence cipher in python**

Lesson 127 : **sieve of eratosthenes in python**

Lesson 128 : **positive zero or negative number in python**

Lesson 129 : **sum integer digits in python**

Lesson 130 : **calculate isbn check digit in python**

Lesson 131 : **isbn10 to isbn13 in python**

Lesson 132 : **print string binary in python**

Lesson 133 : **datetime string format in python**

Lesson 134 : **compare datetime in python**

Lesson 135 : **trimorphic number in python**

Lesson 136 : **list left rotate in python**

Lesson 137 : **list right rotate in python**

Lesson 138 : **string anagrams in python**

Lesson 139 : **print an heart in python**

Lesson 140 : **print cards suit symbols in python**

Lesson 141 : **string anagrams v2 in python**

Lesson 142 : **console calculator in python**

Lesson 143 : **adam number in python**

Lesson 144 : **amicable numbers in python**

Lesson 145 : **string to base64 in python**

Lesson 146 : **strong number in python**

Lesson 147 : **pounds to kilograms in python**

Lesson 148 : **sum of odd numbers in python**

Lesson 149 : **random numbers in python**

Lesson 150 : **string index of in python**

Lesson 151 : **list count divisible by 3 in python**

Lesson 152 : **print even fibonacci numbers in python**

Lesson 153 : **kilograms to pounds in python**

Lesson 154 : **calories to kilojoules in python**

Lesson 155 : **kilojoules to calories in python**

Lesson 156 : **string swap cases in python**

Lesson 157 : **reverse number in python**

Lesson 158 : **litres to gallons in python**

Lesson 159 : **gallons to litres in python**

Lesson 160 : **semiprime in python**

Lesson 161 : **sphenic number in python**

Lesson 162 : **greatest common divisor in python**

Lesson 163 : **coprime in python**

Lesson 164 : **magic square in python**

Lesson 165 : **triangular number in python**

Lesson 166 : **triangular number iterative in python**

Lesson 167 : **triangular number recursive in python**

Lesson 168 : **list in sets of in python**

Lesson 169 : **random name picker in python**

Lesson 170 : **string sha256 hash in python**

Lesson 171 : **string sha512 hash in python**

Lesson 172 : **mililiters to liters in python**

Lesson 173 : **liters to mililiters in python**

Lesson 174 : **milligrams to grams in python**

Lesson 175 : **grams to milligrams in python**

Lesson 176 : **factorial iterative in python**

Lesson 177 : **factorial recursive in python**

Lesson 178 : **fibonacci iterative in python**

Lesson 179 : **fibonacci recursive in python**

Lesson 180 : **chen prime in python**
