About the course Python horsepower

Big Data Analysis with Python | Marin, Ivan;Shukla, Ankit;Vk, Sarang | download | Z-Library. Download books for free. ... horsepower 63. data analysis 60.

Programming Category's Courses

Course Lesson(177)

Lesson 1 : **horsepower to watts in python**

Lesson 2 : **fibonacci recursive in python**

Lesson 3 : **fibonacci iterative in python**

Lesson 4 : **factorial recursive in python**

Lesson 5 : **factorial iterative in python**

Lesson 6 : **triangular number recursive in python**

Lesson 7 : **triangular number iterative in python**

Lesson 8 : **watts to horsepower in python**

Lesson 9 : **simple interest in python**

Lesson 10 : **compound interest in python**

Lesson 11 : **display current date and time in python**

Lesson 12 : **print calendar in python**

Lesson 13 : **get python version**

Lesson 14 : **display documentation in python**

Lesson 15 : **days between dates in python**

Lesson 16 : **hours between dates in python**

Lesson 17 : **console vertical histogram in python**

Lesson 18 : **console horizontal histogram in python**

Lesson 19 : **list elements not present in python**

Lesson 20 : **distance between point in python**

Lesson 21 : **string list split elements in python**

Lesson 22 : **file exists in python**

Lesson 23 : **shell 32 or 64 bits in python**

Lesson 24 : **get os and sys info in python**

Lesson 25 : **number of cpus in python**

Lesson 26 : **method call statistics in python**

Lesson 27 : **get environment variables in python**

Lesson 28 : **get os user name in python**

Lesson 29 : **feet to centimeters in python**

Lesson 30 : **centimeters to feet in python**

Lesson 31 : **file creation time in python**

Lesson 32 : **seconds to days in python**

Lesson 33 : **body mass index in python**

Lesson 34 : **number multiply digits in python**

Lesson 35 : **print with conditional expression in python**

Lesson 36 : **print 1 to 10 iterative in python**

Lesson 37 : **print 1 to 10 recursive in python**

Lesson 38 : **print 10 to 1 iterative in python**

Lesson 39 : **print 10 to 1 recursive in python**

Lesson 40 : **print 0 to 99 column wise iterative in python**

Lesson 41 : **print 0 to 99 column wise recursive in python**

Lesson 42 : **print 99 to 0 column wise iterative in python**

Lesson 43 : **print 99 to 0 column wise recursive in python**

Lesson 44 : **for loop access index in python**

Lesson 45 : **char ascii value in python**

Lesson 46 : **file size in python**

Lesson 47 : **swap variables in python**

Lesson 48 : **numbers ends with digit 3 in python**

Lesson 49 : **numbers starts with digit 3 in python**

Lesson 50 : **numbers with at least 1 digit 3 in python**

Lesson 51 : **numbers with at least 3 digits 3 in python**

Lesson 52 : **numbers with only 2 digit 3 in python**

Lesson 53 : **numbers ends with and has only 1 digit 3 in python**

Lesson 54 : **numbers starts with and has only 1 digit 3 in python**

Lesson 55 : **numbers starts and ends with digit 3 in python**

Lesson 56 : **numbers start and end with same digit in python**

Lesson 57 : **number count digit in python**

Lesson 58 : **odd numbers with at least 1 digit 2 in python**

Lesson 59 : **odd numbers with at least 3 digit 2 in python**

Lesson 60 : **odd numbers with only 3 digit 2 in python**

Lesson 61 : **print 100 divisible by 7 not by 5 in python**

Lesson 62 : **print 200 prime numbers in python**

Lesson 63 : **inches to feet in python**

Lesson 64 : **feet to inches in python**

Lesson 65 : **get object id in python**

Lesson 66 : **check string is numeric in python**

Lesson 67 : **print call stack in python**

Lesson 68 : **print current system time in python**

Lesson 69 : **clear screen in python**

Lesson 70 : **print html of web page in python**

Lesson 71 : **print file properties in python**

Lesson 72 : **filter list in python**

Lesson 73 : **list remove element in python**

Lesson 74 : **list filter strings in python**

Lesson 75 : **product of numbers list v1 in python**

Lesson 76 : **product of numbers list v2 in python**

Lesson 77 : **product of numbers list v3 in python**

Lesson 78 : **string to bytearray in python**

Lesson 79 : **text to acronym in python**

Lesson 80 : **text left justify in python**

Lesson 81 : **inches to centimeters in python**

Lesson 82 : **centimeters to inches in python**

Lesson 83 : **split list into variables in python**

Lesson 84 : **input multiple values at once in python**

Lesson 85 : **print integer as binary in python**

Lesson 86 : **print integer as hexadecimal in python**

Lesson 87 : **check if divisible in python**

Lesson 88 : **find max and min in python**

Lesson 89 : **check if list elements are unique v1 in python**

Lesson 90 : **check if list elements are unique v2 in python**

Lesson 91 : **characters frequency in python**

Lesson 92 : **all possible combinations in python**

Lesson 93 : **check if list is empty in python**

Lesson 94 : **remove duplicates of list in python**

Lesson 95 : **generate 2 dimensional list in python**

Lesson 96 : **string sort words in python**

Lesson 97 : **string remove duplicate words in python**

Lesson 98 : **binary numbers divisible by 5 in python**

Lesson 99 : **numbers with all digits odd in python**

Lesson 100 : **string number of letters and digits in python**

Lesson 101 : **string number of upper and lower cased in python**

Lesson 102 : **net amount of bank account in python**

Lesson 103 : **generate password in python**

Lesson 104 : **sort tuples in python**

Lesson 105 : **sort objects list in python**

Lesson 106 : **string words frequency in python**

Lesson 107 : **add documentation to function in python**

Lesson 108 : **string find all numbers in python**

Lesson 109 : **even number generator in python**

Lesson 110 : **divisible by 5 and 7 with generator in python**

Lesson 111 : **random odd number from range in python**

Lesson 112 : **5 random numbers in python**

Lesson 113 : **5 random odd numbers from range in python**

Lesson 114 : **compress string in python**

Lesson 115 : **print execution time in python**

Lesson 116 : **number rotate digits left in python**

Lesson 117 : **number rotate digits right in python**

Lesson 118 : **number append digit end in python**

Lesson 119 : **number append digit start in python**

Lesson 120 : **pascal s triangle v1 in python**

Lesson 121 : **pascal s triangle v2 in python**

Lesson 122 : **simple logger decorator in python**

Lesson 123 : **print 100 triangular numbers in python**

Lesson 124 : **solve hanoi towers in python**

Lesson 125 : **list remove elements with condition in python**

Lesson 126 : **list remove range in python**

Lesson 127 : **symmetric matrix in python**

Lesson 128 : **number list average v1 in python**

Lesson 129 : **number list average v2 in python**

Lesson 130 : **number list average v3 in python**

Lesson 131 : **sparse matrix in python**

Lesson 132 : **diagonal matrix in python**

Lesson 133 : **tridiagonal matrix in python**

Lesson 134 : **print alphabet in python**

Lesson 135 : **octal to decimal in python**

Lesson 136 : **decimal to octal in python**

Lesson 137 : **bitwise addition in python**

Lesson 138 : **string to int in python**

Lesson 139 : **string increment number in python**

Lesson 140 : **print lists in python**

Lesson 141 : **find all pairs whose sum is n in python**

Lesson 142 : **matrix sum main diagonal v1 in python**

Lesson 143 : **matrix sum main diagonal v2 in python**

Lesson 144 : **matrix sum minor diagonal v1 in python**

Lesson 145 : **matrix sum minor diagonal v2 in python**

Lesson 146 : **second biggest number in python**

Lesson 147 : **second smallest number in python**

Lesson 148 : **string remove repeated letters in python**

Lesson 149 : **word letters exist on string in python**

Lesson 150 : **string first non repeating letter in python**

Lesson 151 : **string first repeating letter in python**

Lesson 152 : **string last non repeating letter in python**

Lesson 153 : **string last repeating letter in python**

Lesson 154 : **square matrix in python**

Lesson 155 : **rotate nxn matrix to right in python**

Lesson 156 : **rotate nxn matrix to left in python**

Lesson 157 : **extract sub matrix from matrix v1 in python**

Lesson 158 : **extract sub matrix from matrix v2 in python**

Lesson 159 : **determinant 2x2 matrix in python**

Lesson 160 : **determinant 3x3 matrix in python**

Lesson 161 : **reverse list iterative in python**

Lesson 162 : **reverse list recursive in python**

Lesson 163 : **number list sum n terms iterative in python**

Lesson 164 : **number list sum n terms recursive in python**

Lesson 165 : **clone multidimensional list in python**

Lesson 166 : **rotate inplace nxn matrix to right in python**

Lesson 167 : **rotate inplace nxn matrix to left in python**

Lesson 168 : **string reverse with stack in python**

Lesson 169 : **reverse stack in python**

Lesson 170 : **merge sets in python**

Lesson 171 : **intersect sets in python**

Lesson 172 : **difference of sets in python**

Lesson 173 : **merge sets without intersection in python**

Lesson 174 : **remove elem from set in python**

Lesson 175 : **generate n numbers whose sum is m in python**

Lesson 176 : **calculate logistic sigmoid function in python**

Lesson 177 : **calculate days left for next birthday in python**
