Mindluster Platform

About the course C Matrix Algorithms

the Strassen algorithm, named after Volker Strassen, is an algorithm for matrix multiplication. It is faster than the standard matrix multiplication algorithm for large matrices, with a better asymptotic complexity .

Programming Category's Courses

Course Lesson(15)

Lesson 1 : **matrix addition in c**

Lesson 2 : **matrix subtraction in c**

Lesson 3 : **matrix multiplication in c**

Lesson 4 : **matrix identity in c**

Lesson 5 : **matrix transpose in c**

Lesson 6 : **matrix compare in c**

Lesson 7 : **diagonal matrix in c**

Lesson 8 : **matrix sum main diagonal v1 in c**

Lesson 9 : **matrix sum main diagonal v2 in c**

Lesson 10 : **matrix sum minor diagonal v1 in c**

Lesson 11 : **matrix sum minor diagonal v2 in c**

Lesson 12 : **tridiagonal matrix in c**

Lesson 13 : **magic square in c**

Lesson 14 : **sparse matrix in c**

Lesson 15 : **symmetric matrix in c**
