Mindluster Platform

About the course JS Jquery Project

JavaScript is an independent language and can exist on its own. JQuery is a JavaScript library. It would not have been invented had JavaScript was not there. jQuery is still dependent on JavaScript as it has to be converted to JavaScript for the browser in-built JavaScript engine to interpret and run it.

Programming Category's Courses

Course Lesson(9)

Lesson 1 : **JavaScript jQuery Course | JavaScript and jQuery from Scratch Introduction**

Lesson 2 : **JavaScript jQuery Course | JavaScript and jQuery from Scratch JQuery Fundamentals**

Lesson 3 : **JavaScript jQuery Course | JavaScript and jQuery from Scratch Variables and Arrays**
