Mindluster Platform

About the course controls in React Native

At runtime, React Native creates the corresponding Android and iOS views for those components. Because React Native components are backed by the same views as Android and iOS, React Native apps look .

Programming Category's Courses

Course Lesson(6)

Lesson 1 : **Learn about Components and input controls in React Native**

Lesson 2 : **Learn about Components and input controls in React Native Part 2**

Lesson 3 : **Learn about Components and input controls in React Native Part 3**

Lesson 4 : **Learn about Components and input controls in React Native Part 4**

Lesson 5 : **Learn about Components and input controls in React Native Part 5**

Lesson 6 : **Learn about Components and input controls in React Native Part 6**
