Mindluster Platform

About the course Java 9 Concurrency

While Java isn't necessarily the best language for concurrency, there are a lot of tools, libraries, documentation and best practices out there to help. Using message passing and immutability instead of threads and shared state is considered the better approach to programming concurrent applications .

Programming Category's Courses

Course Lesson(4)

Lesson 1 : **Java 9 Concurrency High Level Elements The Course Overview | packtpub com**

Lesson 2 : **Java 9 Concurrency High Level Elements Creating a Fork Join Pool | packtpub com**

Lesson 3 :
Java 9 Concurrency High Level Elements Creating Streams from Different Sources | packtpub com

Lesson 4 :
Java 9 Concurrency High Level Elements Using Non Blocking Thread Safe Deques | packtpub com
