# About the course Mastering Microservices with Java

Annotation syntax, which is easy to read, is the key factor that makes Java a great programming language for developing microservices. This feature makes Java Microservices much easier to develop when powered by Microservices frameworks.

**Programming Category's Courses**

## Course Lesson(5)

Lesson 1 : **Mastering Microservices with Java Part 2 The Course Overview | packtpub com**

Lesson 2 :
**Mastering Microservices with Java Part 2 Authentication and Authorization | packtpub com**

Lesson 3 : **Mastering Microservices with Java Part 2 SPA and AngularJS | packtpub com**

Lesson 4 : **Mastering Microservices with Java Part 2 Overview | packtpub com**

Lesson 5 : **Mastering Microservices with Java Part 2 Tracing of Requests | packtpub com**
