Mindluster Platform

About the course Kubernetes Programming

Kubernetes is an open source containerized orchestration system for automating application deployment, scaling, and management. It was originally designed by Google, and is now managed by the Cloud Native Computing Foundation. It aims to provide a â€œplatform to automate the deployment, scaling, and operation of application containers across host groups.â€

Programming Category's Courses

Course Lesson(4)

Lesson 1 : **Learning Kubernetes The Course Overview | packtpub com**

Lesson 2 : **Learning Kubernetes Kubernetes Architecture and Design | packtpub com**

Lesson 3 : **Learning Kubernetes Configuration Best Practices | packtpub com**

Lesson 4 : **Learning Kubernetes Overview Docker Containerization | packtpub com**
