Mindluster Platform

About the course Interactive with Microsoft Power BI

A Power BI dashboard is a single page, often called a canvas, that tells a story through visualizations. Because it's limited to one page, a well-designed dashboard contains only the highlights of that story. Readers can view related reports for the details. Dashboards are a feature of the Power BI service only .

Programming Category's Courses

Course Lesson(6)

Lesson 1 :
Building Interactive Dashboards with Microsoft Power BI The Course Overview | packtpub com

Lesson 2 :
Building Interactive Dashboards Microsoft Power BI Introducing Analytical Dashboard | packtpub com
