About the course Acrylic Painting

acrylic painting, painting executed in the medium of synthetic acrylic resins. Acrylics dry rapidly, serve as a vehicle for any kind of pigment, and are capable of giving both the transparent brilliance of watercolour and the density of oil paint. They are considered to be less affected by heat and other destructive forces than is oil paint. They found favour among artists who were concerned about the health risks posed by the handling of oil paints and the inhalation of fumes associated with them. Because of all these desirable characteristics, acrylic paints became immediately popular with artists when they were first commercially promoted in the 1960s. Notable 20th-century artists who used acrylic paint include Pop artists Andy Warhol and Roy Lichtenstein, Op artist Bridget Riley, colour field artists Mark Rothko, Ellsworth Kelly, and Barnett Newman, and British artist David Hockney. Acrylic paint is a fast-drying paint made of pigment suspended in acrylic polymer emulsion and plasticizers, silicon oils, defoamers, stabilizers, or metal soaps Most acrylic paints are water-based, but become water-resistant when dry. Depending on how much the paint is diluted with water, or modified with acrylic gels, mediums, or pastes, the finished acrylic painting can resemble a watercolor, a gouache, or an oil painting, or have its own unique characteristics not attainable with other media. Acrylic painters can modify the appearance, hardness, flexibility, texture, and other characteristics of the paint surface by using acrylic mediumsor simply by adding water. Watercolor and oil painters also use various mediums, but the range of acrylic mediums is much greater. Acrylics have the ability to bond to many different surfaces, and mediums can be used to modify their binding characteristics. Acrylics can be used on paper, canvas, and a range of other materials; however, their use on engineered woods such as medium-density fiberboard can be problematic because of the porous nature of those surfaces. In these cases, it is recommended that the surface first be sealed with an appropriate sealer. Acrylics can be applied in thin layers or washes to create effects that resemble watercolors and other water-based mediums. They can also be used to build thick layers of paint â€” gel and molding paste are sometimes used to create paintings with relief features. Acrylic paints are also used in hobbies such as trains, cars, houses, DIY projects, and human models. People who make such models use acrylic paint to build facial features on dolls or raised details on other types of models. Wet acrylic paint is easily removed from paintbrushes and skin with water, whereas oil paints require the use of a hydrocarbon. Acrylics are the most common paints used in grattage, a surrealist technique that began to be used with the advent of this type of paint. Acrylics are used for this purpose because they easily scrape or peel from a surface.

Drawing Category's Courses

Course Lesson(35)

Lesson 1 : **Acrylic Painting | Snowy Winter Forest Night**

Lesson 2 : **How to Paint A Winter Pine Tree in Watercolor Artist Composer Supriyo**

Lesson 3 : **Acrylic Painting | A Winter Sunset on Paper step by step**

Lesson 4 : **Frozen Winter Landscape Painting in Watercolor**

Lesson 5 : **Frozen Winter Landscape Painting in Watercolor | Episode 3**

Lesson 6 : **A Composition on Winter in Oil Pastel step by step Drawing to Coloring**

Lesson 7 : **Snowy Winter Landscape Painting in Oil Pastel | step by step**

Lesson 8 : **Watercolor Painting | How to Paint A Snowy Winter Landscape**

Lesson 9 : **How to Draw Snowy Winter Trees in Oil Pastel**

Lesson 10 : **A Winter Scene in Watercolor | Painting A Piper Flutist step by step**

Lesson 11 : **How to Draw A Winter Landscape in Pencil**

Lesson 12 : **Acrylic Painting Snowy Winter Landscape | step by step**

Lesson 13 : **Winter Barn Watercolor Painting | easy steps to follow step by step Drawing to Coloring**

Lesson 14 : **Icy Winter Stream Watercolor Painting step by step | Artist Composer Supriyo**

Lesson 15 : **Cottage in the Snow Watercolor Winter Scene step by step**

Lesson 16 : **Snowy Winter Landscape Painting in Oil Pastel | Episode 2**

Lesson 17 : **Winter Night A Composition on Oil Pastel step by step**

Lesson 18 : **A Composition on Winter in Oil Pastel Epi 2 step by step Drawing to Coloring**

Lesson 19 : **How to Paint Beautiful Winter Trees in Acrylic | step by step Artist Composer Supriyo**

Lesson 20 : **Winter Landscape Painting in Watercolor | Episode 2**

Lesson 21 : **Winter Stream Watercolor Painting Artist Composer Supriyo**

Lesson 22 : **Winter Barn A Composition on Oil Pastel step by step**

Lesson 23 : **Snowy Winter Forest Acrylic Painting step by step Artist Composer Supriyo**

Lesson 24 : **How to Paint A Winter Sunset in Acrylic | Episode 2**

Lesson 25 : **Winter Northern Cardinal Acrylic Painting step by step**

Lesson 26 : **How to Paint A Winter Night Forest in Acrylic | step by step**

Lesson 27 : **Snowy Winter Landscape Acrylic Painting step by step**

Lesson 28 : **Winter Barn Oil Pastel Drawing | step by step coloring technique | Artist Supriyo**

Lesson 29 : **How to Paint Snowy Winter Lake in Watercolor l step by step**

Lesson 30 :
Learn Acrylic Paitning How to Paint A Winter Sunset | step by step with color information

Lesson 31 : **Watercolor Winter Landscape How to Paint A Winter Snow Scene in watercolor**

Lesson 32 : **Acrylic Painting A Winter Snowfall Scene**

Lesson 33 : **Winter Night Acrylic Painting step by step | Artist Composer Supriyo**

Lesson 34 :
How to Paint Snowy Winter Morning with House Smoke Coming Out of the Chimney in Acrylic

Lesson 35 : **Acrylic Painting Winter Landscape | Snow House Creek | Steps to follow**
