Mindluster Platform

About the course Computer Networks

Computer networking refers to interconnected computing devices that can exchange data and share resources with each other. These networked devices use a system of rules, called communications protocols, to transmit information over physical or wireless technologies. Let's answer some common computer networking FAQs.

Computer Science Category's Courses

Course Lesson(7)

Lesson 1 : **Computer Networks Part One LANs and WANs**

Lesson 2 : **Computer Networks Part Two Network Hardware**

Lesson 3 : **Computer Networks Part Three Ethernet Fundamentals**

Lesson 4 : **Computer Networks Part Four LAN Topology**

Lesson 5 : **Computer Networks Part Five Switched Ethernet LANs**

Lesson 6 : **Computer Networks Part Six The TCP IP Protocol Stack and Routers**

Lesson 7 : **Domain Name System DNS**
