About the course Wi Fi Networking for Beginners

Wi-Fi Networking course in hindi, in this course Dive into the world of wireless networks, exploring configuration, security, and troubleshooting.

Computer Science Category's Courses

Course Lesson(17)

Lesson 1 : **What is Wi Fi and How Does it Work | History and Features of Wi Fi Wireless Threats**

Lesson 2 : **WI FI Operating Modes Monitor and Managed Modes in WI FI | Wi Fi Hacks**

Lesson 3 : **WI FI Channels Explained 2 4GHz vs 5GHz Wi Fi | 1 6 and 11 Channel List**

Lesson 4 : **Common Wi Fi Problems | Wi Fi Major Concerns and Dangers Wi Fi Hacks**

Lesson 5 : **Dos Attack Explained What is Denial of Service Attack DoS Wi Fi Hacks**

Lesson 6 :
MAC Flooding Attack What is MAC Flooding How to Prevent MAC Flooding Attack Wi Fi Hacks

Lesson 7 : **What is Flooding in Wireless Networks | Wi Fi Discovery Flooding Wi Fi Hacks**

Lesson 8 : **What is Wi Fi Deauth Flood | How do Deauth Attacks Work Wi Fi Hacks**

Lesson 9 : **How Hackers Hack Passwords Fully Explained**

Lesson 10 : **IP Spoofing What is IP Spoofing and How to Prevent It Wi Fi Hacks**

Lesson 11 : **Wi Fi Man in the Middle MITM Attacks Explained Wi Fi Hacks**

Lesson 12 : **What are the features and History of WiFi | What is WiFi with full information**

Lesson 13 : **How WiFi Works | Wireless Communication Explained in Details**

Lesson 14 : **Types of Wireless Threats | Cybersecurity for Beginners Fully Explained**

Lesson 15 : **WiFi Hacking Wireless Hacking Methodology for Beginners | Ethical Hacking**

Lesson 16 : **Importance of WiFi in Your Daily Life Fully Explained**

Lesson 17 : **Dos Wi Fi Explained What is Denial of Service on Wi Fi DoS Wi Fi Hack**
